ABOUT US

Become a Global leader in Brick and Block Machine Industry

Steel Land Machinery Works is a renowned leader in the manufacturing of brick and block-making machinery in India. With a rich legacy spanning decades, we specialize in delivering high-quality, innovative solutions that cater to the evolving needs of the construction industry. At Steel Land Machinery Works, we take pride in our extensive expertise, customer centric approach, and unwavering dedication to delivering superior products that empower our clients to achieve their construction goals efficiently and effectively.

Steel Land Machinery Works is a distinguished manufacturer specializing in a wide array of brick and block-making machinery solutions. Our product portfolio encompasses **Fully Automatic Fly Ash Brick-Making Machines, Fully Automatic Paver Block Making Machines, Fully Automatic Hollow Block Making Machines, and Fully Automatic Solid Block Making Machines.** Moreover, we provide personalized machine solutions designed to meet a wide range of operational needs.

Why Prefer us?

Discover why Steel Land Machinery Works is your ultimate choice for brick and block-making machinery. Dedicated to unmatched customer satisfaction, we offer exemplary service and cutting-edge technology globally. With our in-house R&D, we pioneer new technologies, driven by our belief in industry-leading expertise. Leveraging hydraulic and automated systems, we engineer excellence into every component. Choose us for unparalleled quality, reliability, and success in your construction endeavors.

Export & Domestic

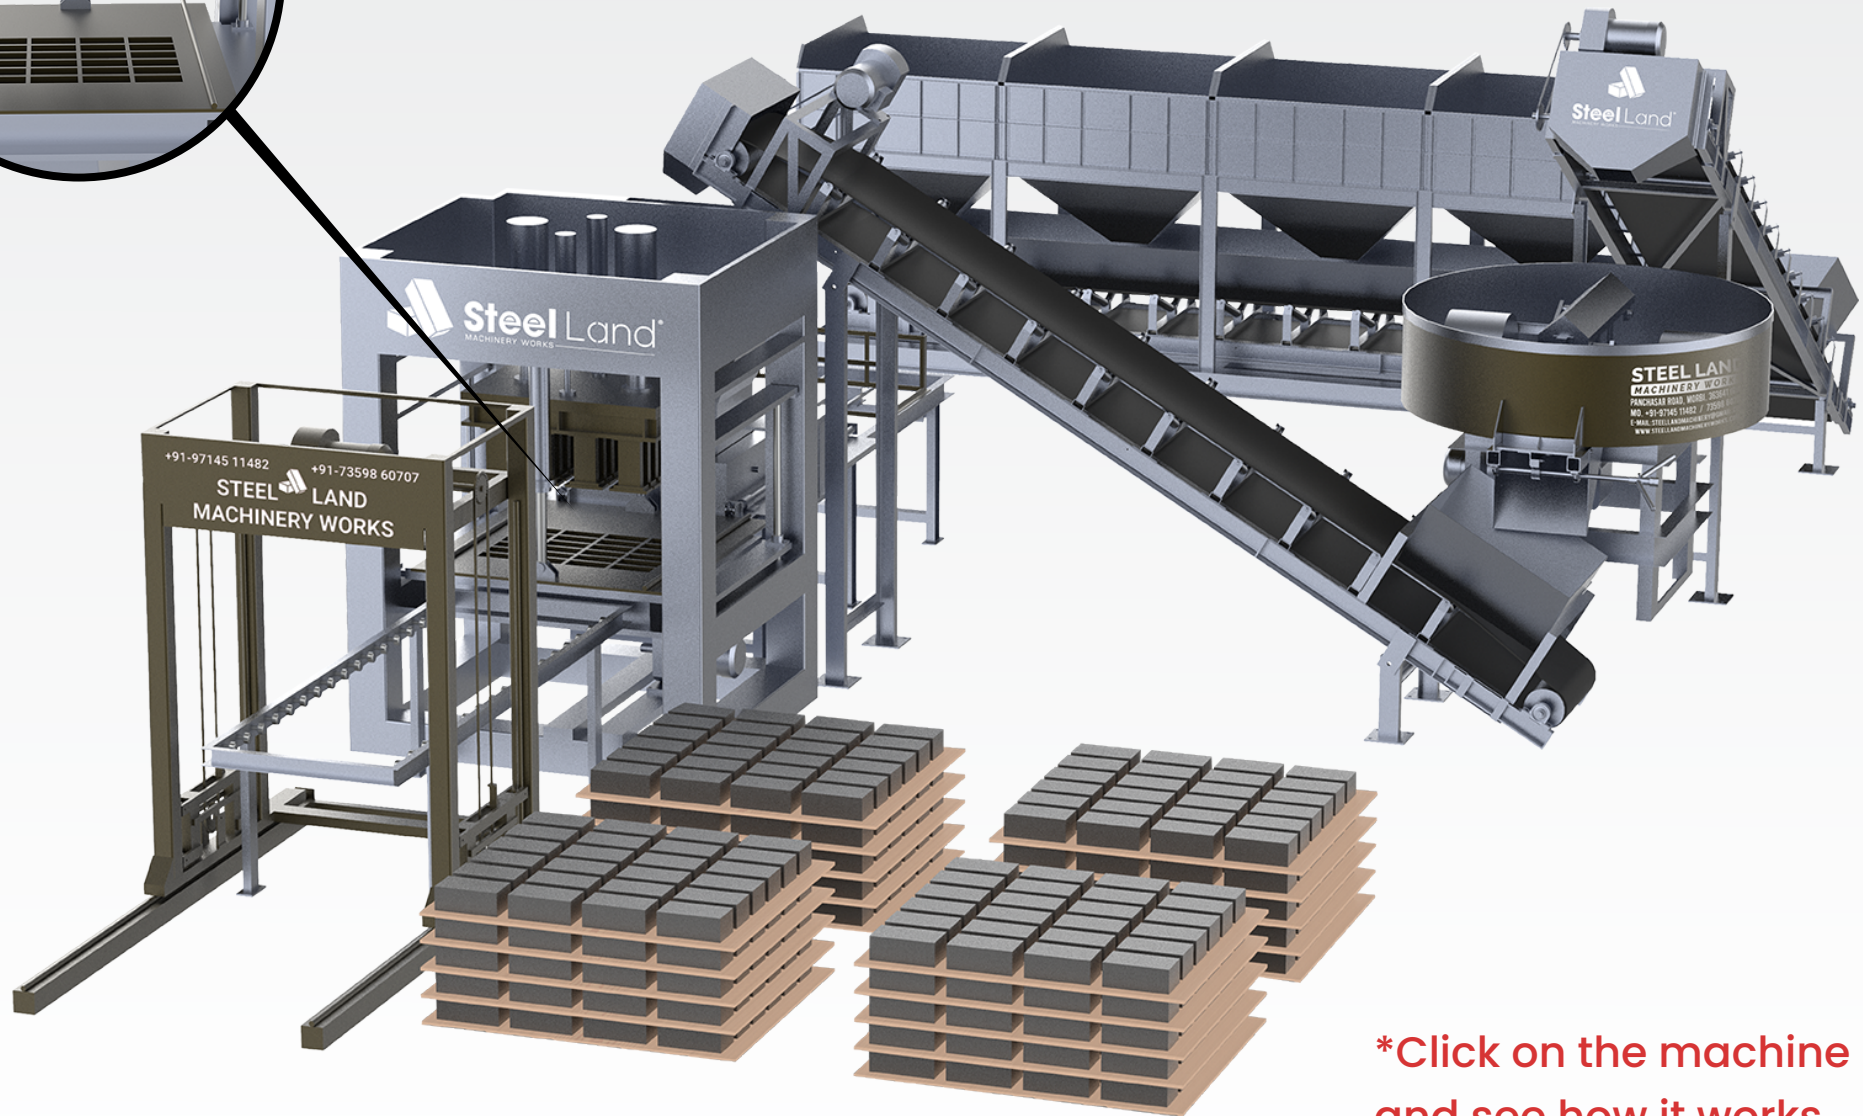

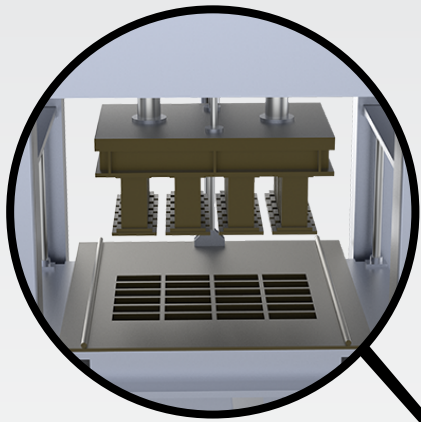

From being domestic leaders to making a mark worldwide, Steel Land Machinery Works takes pride in our seamless transition from serving the local market to becoming global exporters of cutting-edge technology. Renowned as the best in the industry, we export our technology to various corners of the world, establishing ourselves as premier manufacturers and exporters of machineries from India. Our commitment to excellence knows no boundaries, and we are dedicated to providing top-notch machinery that not only meets but exceeds international standards. At Steel Land Machinery Works, our global footprint is a testament to our unwavering dedication to delivering quality, innovation, and reliability to construction industries worldwide. Choose us for a world-class experience in brick and block-making machinery that transcends borders and sets new benchmarks in the industry.

We are proud to share that we have exported to 15+ countries worldwide.

MACHINE DETAILS

Machine Type	Automatic
Machine Type	Automatic with Batch System
Pallet size	1145 x 890 mm
Cycle Time	15 – 25 Sec
Vibration System Technology	Yes PLC Controlling
High Pressure Technology	Yes PLC Controlling
Finished Product Height	50-200 MM
Power	66 HP/49.2162 KW
Hydraulic Oil Capacity	600 Litre
Cement Conveyor	Yes available
Material Compaction System	Dual Vibration+ Pressure Based
Bin Hooper	3 Nos
Required Shed Area	4000 Square Feet

PRODUCTION CAPACITY

Brick

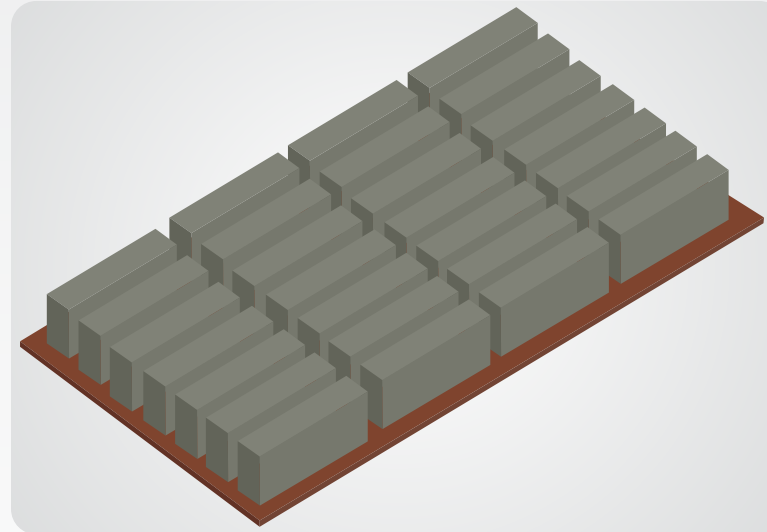

With Frog (Logo)

Size : 230X110X75 MM

Stroke : 24 Brick Per Stroke

Capacity : 4320 Pcs / Hour

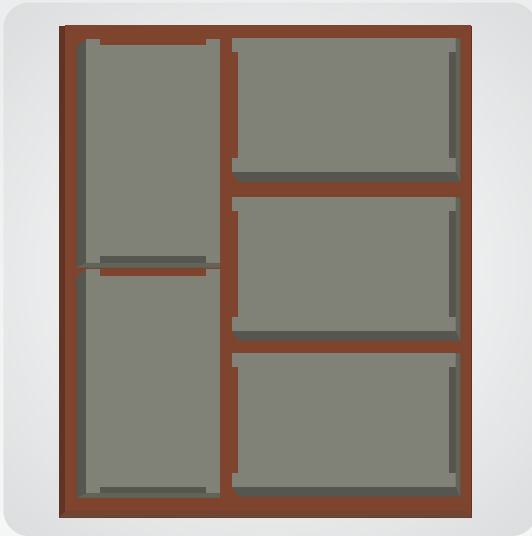

Without Frog (Logo)

Size : 230X110X75 MM

Stroke : 28 Brick Per Stroke

Capacity : 5040 Pcs / Hour

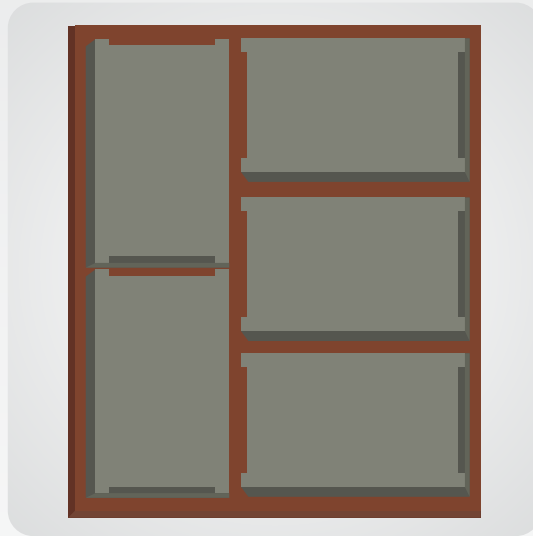

Solid Block

Size : 300X200X125 MM

Stroke : 5 Block Per Stroke

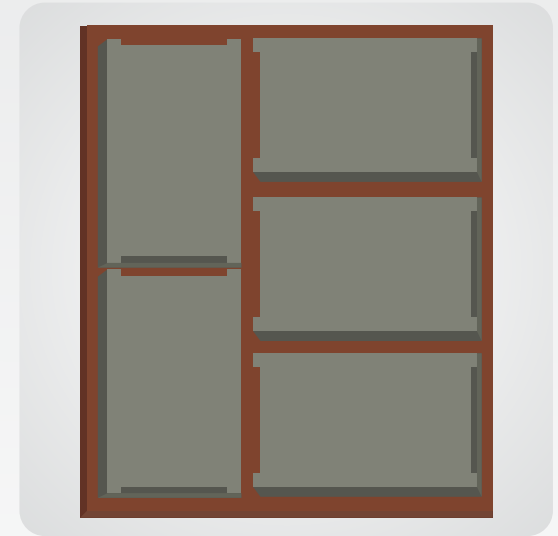

Capacity : 900 Pcs / Hour

Size : 300X200X150 MM

Stroke : 5 Block Per Stroke

Capacity : 900 Pcs / Hour

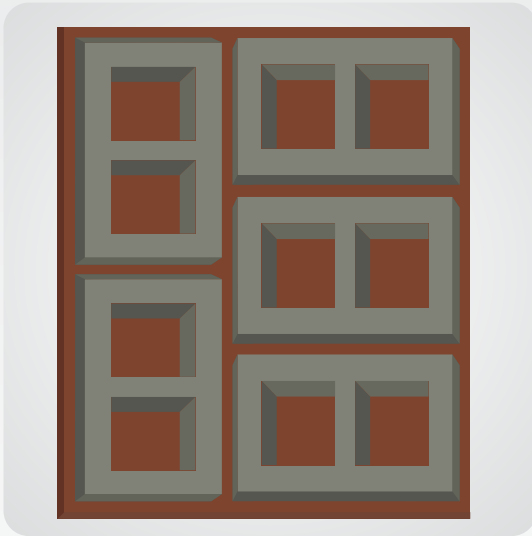

Size : 400X200X200 MM

Stroke : 5 Block Per Stroke

Capacity : 900 Pcs / Hour

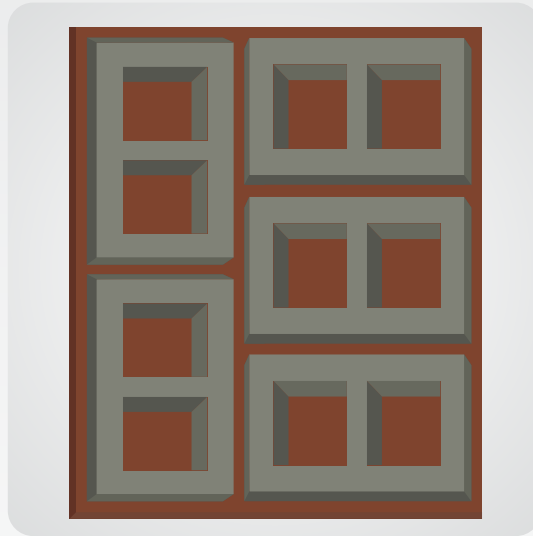

Hollow Block

Size : 300X200X125 MM

Stroke : 5 Block Per Stroke

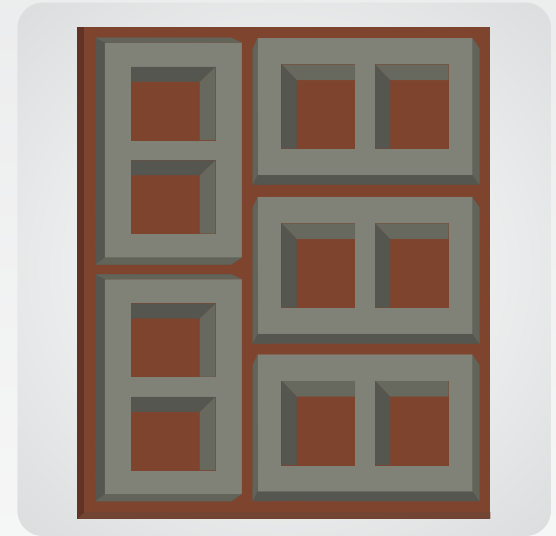

Capacity : 750 Pcs / Hour

Size : 300X200X150 MM

Stroke : 5 Block Per Stroke

Capacity : 750 Pcs / Hour

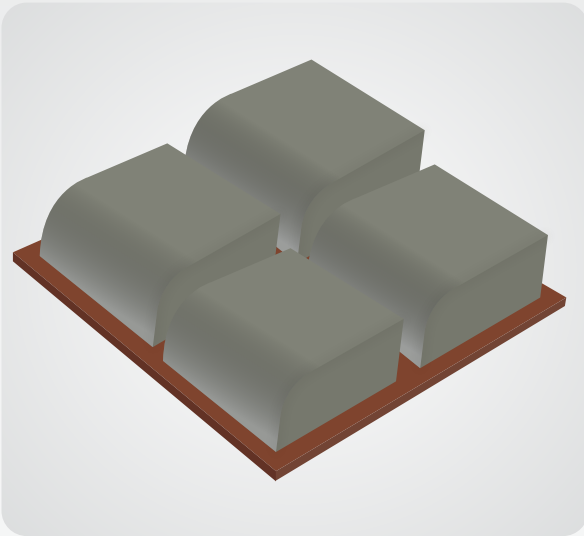

Size : 400X200X200 MM

Stroke : 5 Block Per Stroke

Capacity : 750 Pcs / Hour

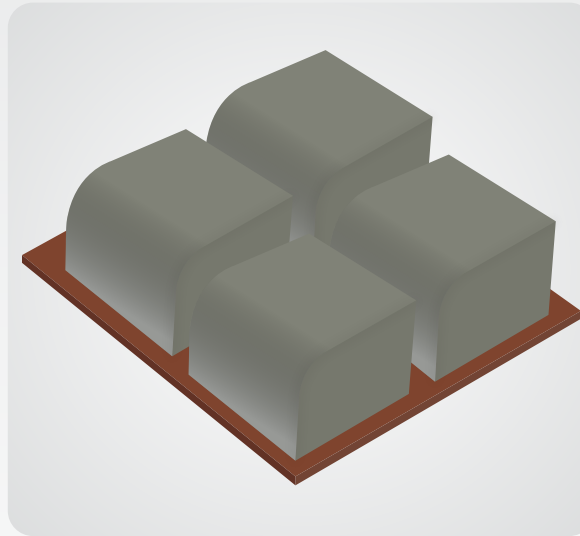

Kerb Stone Block

Size : 12x8x4 inch

Stroke : 4 Pcs Per Stroke

Capacity : 720 Pcs / Hour

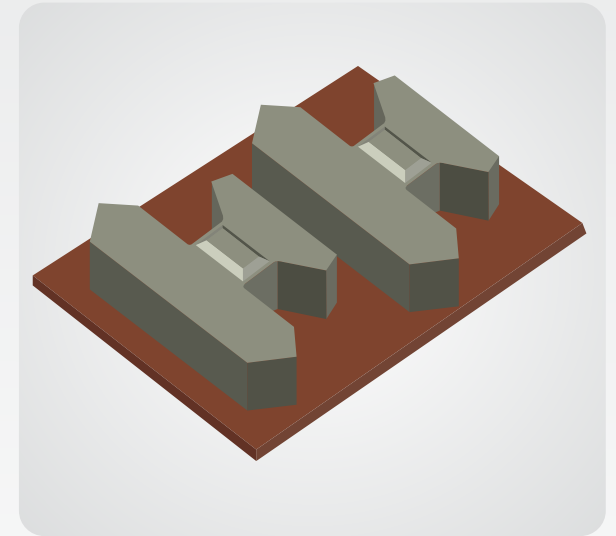

Size : 12x8x6 inch

Stroke : 4 Pcs Per Stroke

Capacity : 720 Pcs / Hour

R E Block

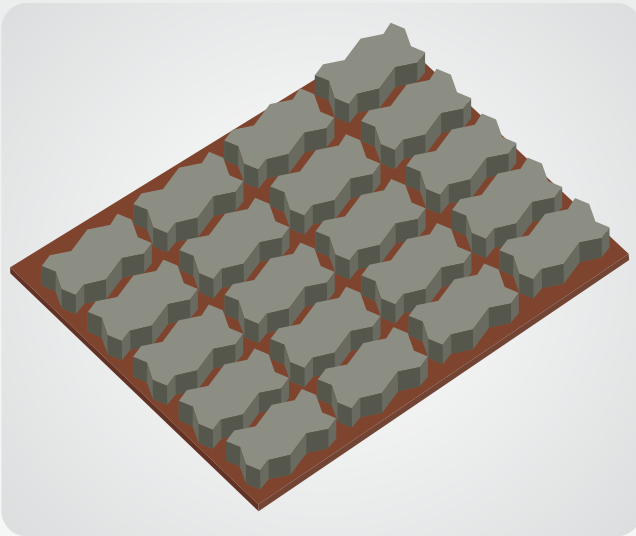

Size : 470x320 MM

Stroke : 2 Pcs Per Stroke

Capacity : 300 Pcs / Hour

Paver Block Size and Design Without Color

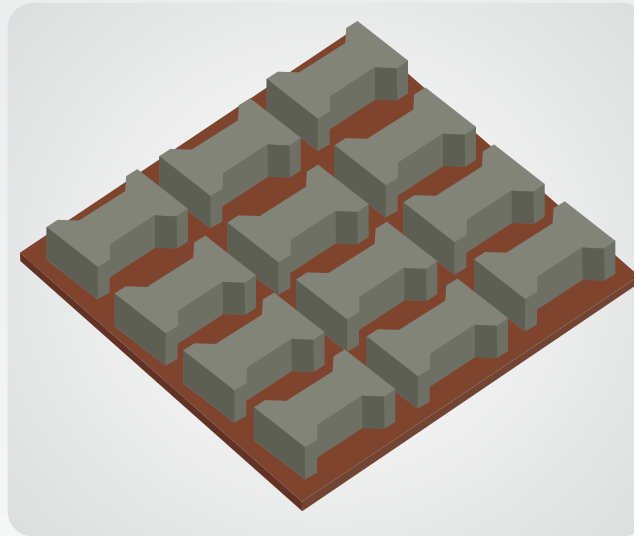

Zizzag (Uni Paver)

Size : 60 To 100 MM

Stroke : 20 Block Per Stroke

Capacity : 3600 Pcs / Hour

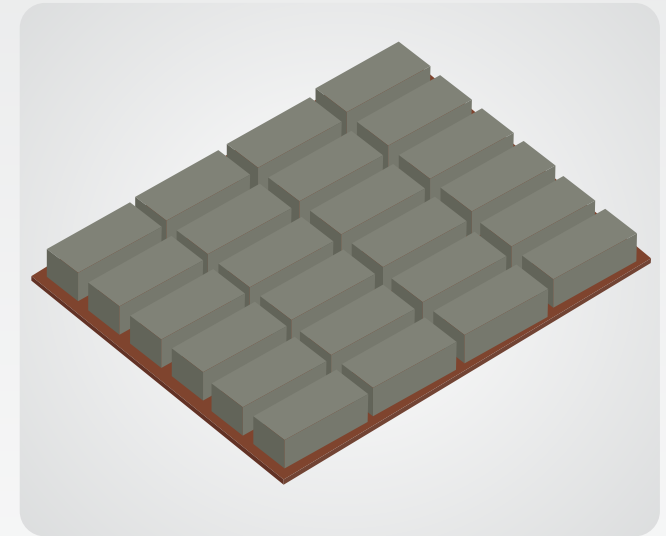

I-Shape

Size : 60 To 100 MM

Stroke : 12 Block Per Stroke

Capacity : 2160 Pcs / Hour

Brick Shape

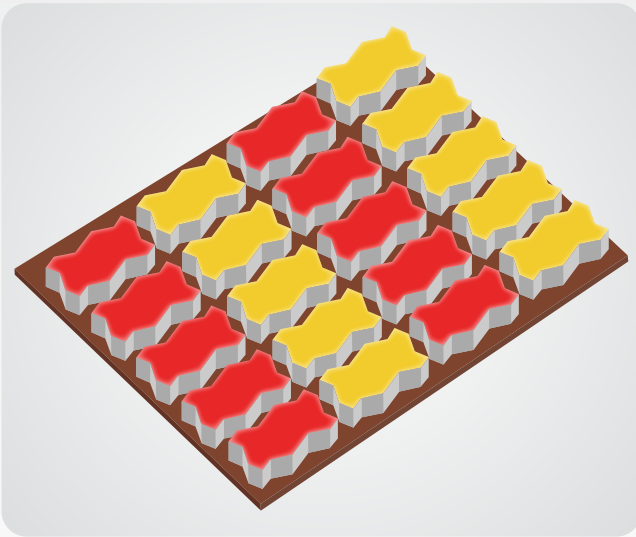

Size : 60 To 100 MM

Stroke : 24 Block Per Stroke

Capacity : 4320 Pcs / Hour

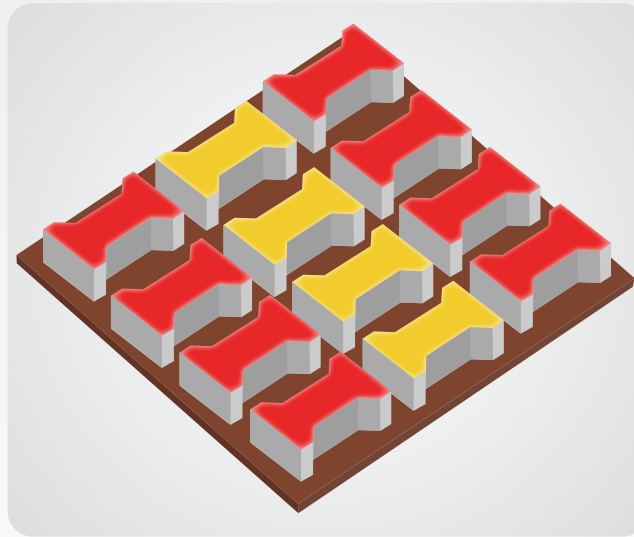

Paver Block Size and Design With Color

Add Customized Color Infusion Feature

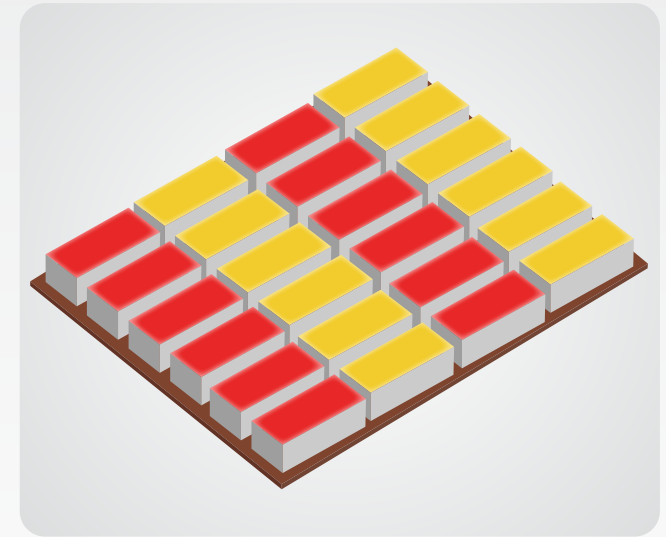

Zizzag (Uni Paver)

Size : 60 To 100 MM
Stroke : 20 Block Per Stroke
Capacity : 3000 Pcs / Hour

I-Shape

Size : 60 To 100 MM
Stroke : 12 Block Per Stroke
Capacity : 1800 Pcs / Hour

Brick Shape

Size : 60 To 100 MM
Stroke : 24 Block Per Stroke
Capacity : 3600 Pcs / Hour
